

## PROGRESS REPORT for ongoing grants submitted with Group applications

Investigators whose operating grants have at least 6 months of term left as of the potential Group start date must submit this progress report, plus a copy of the original research and operating budget modules of the grant, with the Group submission. Please omit all appendices. Refer to the Instructions to Applicants for Full Applications or the Grants & Awards Guide for additional information. **If you are scheduled to submit a regular progress report for a 5 year grant, you must still do so separately on form CIHR 44.**
